**FUTURE-PROOFED  
TO INSPIRE**

TRESPA®

# FUTURE PROOVED TO INSPIRE

At Trespa, we have been thinking about tomorrow since 1960. With TopLab®, we bring our long-standing commitment to innovation into laboratories, hospitals, education and healthcare facilities, through a range of scientific surfaces and various other interior applications, engineered to stand the test of time. And designed to support architects with a wide selection of colours and finishings, to shape inspiring workplaces for today, tomorrow and beyond.

# An aptitude for challenges

Trespa® TopLab® scientific surfaces are conceived to provide **peace of mind.**

Our long **experience** gives us a **deep knowledge** of our partners' needs, priorities and aspirations: we **make your challenges our own,** to ensure that our products are up to your high standards in terms not only of **durability, hygiene and easy machinability,** but also of **design** and **environmental care.**

LABS &

# Why TRESPA® TOPLAB® in one glance

CHEMICAL  
RESISTANCE

Based on multiple test methods

DOES NOT  
SUPPORT BACTERIAL  
GROWTH

Thanks to our surface  
technology developed in-house

SCRATCH  
& WEAR  
RESISTANCE

Tested with diamond-tip point  
and abrasive paper

IMPACT  
RESISTANCE

Solid and sturdy panels  
for everyday use

EASY  
TO CLEAN

Proven by third-party  
evaluations

SUITABLE  
FOR CONTACT  
WITH FOOD

Tested according  
to international standards

SMOOTH  
MACHINABILITY

Comparable to  
high quality hardwood

QUICK  
INSTALLATION

Using various visible  
or invisible fixing solutions

Product features change depending on product family, see below for further information.

# Our straightforward approach to sustainability

Trespa has set an ambitious goal of becoming carbon neutral by 2030 and aims to cut its CO<sub>2</sub> emissions by 50% in the next five years.

Reducing our carbon footprint is based on our core belief that it is the right thing to do. We are also convinced that reducing our overall environmental footprint is essential to the long-term success of our business and the environment around us. That is why sustainability is embedded in our business philosophy with the credo "do no harm, do good, do better".

For more information about our path towards carbon neutrality, download our recent sustainability position paper on [trespa.com/sustainability](https://trespa.com/sustainability)

## TRESPA® TOPLAB® PLUS

In challenging workplaces, nothing less than excellence is acceptable in terms of hygiene, avoidance of contamination, sustainability, ergonomics and safety. This is even truer for worktops, which need to guarantee consistent reliability under stress each and every day. TRESPA® TopLab® PLUS has been specially engineered to provide durable and high-performing worktops for demanding environments such as chemical, physical and analytical laboratories, where every detail must be the silent ally of the scientist, ensuring peace of mind and aiding concentration.

## TRESPA® TOPLAB® PLUS ALIGN

There is no Planet B. TRESPA® TopLab® PLUS ALIGN addresses the issue of environmental care, providing the same high quality standards of TRESPA® TopLab® PLUS with a strong commitment to the use of renewable materials. By combining the benefits of proprietary technologies such as Electron Beam Curing and Dry Forming with the use of lignin-based adhesive for the core, TRESPA® TopLab® PLUS ALIGN raises the bar of bio-based carbon content by up to 85%, to create durable and resistant worktops aligned with the needs of customers, as well as those of the planet. Designed with a special consideration for the growing demand for a contemporary colour palette to shape inspiring workplaces all over the world.

## TRESPA® TOPLAB® VERTICAL

From healthcare labs to cleanrooms, from educational to institutional buildings, several environments require a wide range of vertical applications where no compromise can be made on easy cleanability, durability and especially hygiene. When it comes to functional cabinetry and integrated wall cladding solutions, special coverings for modular elements, the lining of fume hoods and splash backs, TRESPA® TopLab® VERTICAL is the preferred choice of some of the world's most demanding customers.

## TRESPA® TOPLAB® BASE

TRESPA® TopLab® BASE ensures TRESPA's high standards in terms of durability, making it the preferred choice for sectors such as education, laboratories and institutions. Thanks to its high impact and wear resistance, it is especially suitable for applications such as worktops and cabinets where chemical resistance is not critical.

## More than meets the eye

The value of **aesthetics** unfolds far beyond beauty. It is nowadays common knowledge that an inspiring workplace means a **happier workforce** and **higher productivity**. TopLab® inspires engineers, architects and designers with a **wide palette of both classic and contemporary colours and finishings**, including the pioneering Lumen, Metallics and Focus ranges, to accommodate the most diverse preferences worldwide.

# Trespa® TopLab® quality: guaranteed and certified

## 10-YEAR PRODUCT WARRANTY

Our panels are born to last. We want our customers to feel as confident as we are about the durability of the Trespa® TopLab® range. This is why we offer a 10-year conditional warranty on our product lines. To learn more about our warranty, please visit Trespa.info

## TESTING, CERTIFICATION AND BRANCH ASSOCIATIONS

Trespa products for scientific surface solutions are tested and certified according to international standards in relation to chemical resistance, low emission, food contact and other properties. Trespa® TopLab® is certified under the GREENGUARD Gold Certification program and ISEGA Certification program. Trespa® TopLab® VERTICAL and TopLab® PLUS are as well certified for certain cleanliness properties by Fraunhofer IPA under the Cleanroom Suitable Materials scheme. Trespa International B.V. is a member of SEFA (Scientific Equipment and Furniture Association), EGNATON (European Association for Sustainable Laboratory Technologies) and VIP3000 (Association for Cleanrooms and Pharmaceutical Construction).

## OUR COMMITMENT TO RENEWABLE RESOURCES

Trespa® TopLab® is available as part of the Programme for the Endorsement of Forest Certification™ (PEFC™) or Forestry Stewardship Council™ (FSC™) certification upon request for restricted quantities and jurisdictions. The use of FSC™ and PEFC™ certified Trespa panels may also count towards points for green building certification systems such as LEED, BREEAM and DGNB. These certifications are part of the initiatives resulting from Trespa's Sustainability Policy, through which the company shows its commitment to the use of raw materials from sustainable sources and to forest preservation. The Trespa® TopLab® line has been granted an Environmental Product Declaration issued by EPD International AB.

# Our commitment to innovation and sustainability

At Trespa, we are passionate about pushing the boundaries of architectural materials and providing innovative solutions to the market. With over **60 years of experience**, we have established ourselves as a leading innovator in the field, recognized internationally for our cutting-edge products and commitment to sustainability.

With Trespa® TopLab® *PLUS ALIGN*, the latest addition to the Trespa® portfolio, we continue to lead the way in architectural materials and we showcase our dedication to the use of renewable materials. This product has been awarded a prestigious **4-stars OK biobased rating by TÜV Austria**, a world-renowned certification institute, which confirms its **exceptionally high bio-based content**.

Trespa® TopLab® *PLUS ALIGN* is the solution for architects, designers, and builders seeking high-quality work surfaces with a lower environmental impact.

### GENERAL

These terms apply to the use of this document and such use automatically means that the other party agrees to these terms. The information provided by Trespa International B.V. ("Trespa") in this document is solely indicative. Trespa is unable to warrant the accuracy and completeness of this information. Trespa may change the information included in this document at any time and without further notice. Trespa's customers and third parties must ascertain that they have the most recent document (for the most recent version, please consult: [www.trespa.com](http://www.trespa.com)). No rights can be derived from the information provided; the use of the information is at the other party's risk and responsibility. Trespa does not warrant that the information in this document is suitable for the purpose for which it is consulted by the other party. This document does not contain any design, structural calculation, estimate or other warranty or representation that customers and third parties may rely on. This document does not guarantee any properties of Trespa products. Colours used in Trespa's communications (including but not limited to printed matter) and in samples of Trespa's products may differ from the colours of the Trespa products to be supplied. Samples are not intended for use in product tests and are not representative of characteristics of the Trespa products. Trespa's products and samples are produced within the specified colour tolerances and the colours (of production batches) may differ, even if the same colour is used. The viewing angle also influences the colour perception. Metallic panels feature a surface whose colour appears to change based on the direction from which it is viewed. The specified colour stability and colour specifications relate only to the decorative surface of the Trespa products, not to the core material and samples of the Trespa products. Trespa products are delivered ex-works with straight, sawn sides. Customers and third parties must have a professional adviser inform them about (the suitability of) the Trespa products for all desired applications and about applicable laws and regulations. Trespa does not warrant the above. The most recent version of the current delivery programme and the Material Properties Datasheet can be found at [www.trespa.info](http://www.trespa.info). Only the information in the most recent and valid Material Properties Datasheet should be used to select and provide advice regarding Trespa products. Trespa reserves the right to change (the specifications for) its products without prior notice.

### LIABILITY

Trespa is not liable (neither contractual nor non-contractual) for any damage arising from or related to the use of this document, except if and to the extent that such damage is the result of wilful misconduct or gross negligence on the part of Trespa and/or its management. The limitation of liability applies to all parties affiliated with Trespa, including but not limited to its officers, directors, employees, affiliated enterprises, suppliers, distributors, agents, and representatives.

### GENERAL CONDITIONS

All oral and written statements, offers, quotations, sales, supplies, deliveries and/or agreements and all related activities of Trespa are governed by the Trespa General Terms and Conditions of Sale (Algemene verkoopvoorwaarden Trespa International B.V.) filed with the Chamber of Commerce and Industry for Noord- en Midden-Limburg in Venlo (NL) on May 9th, 2023 under number 24270677, which can be found on and downloaded from the Trespa website, [www.trespa.com/documentation](http://www.trespa.com/documentation). All oral and written statements, offers, quotations, sales, supplies, deliveries and/or agreements and all related work of Trespa North America, Ltd. governed by the Trespa North America General Terms and Conditions of Sale, which can be found on and downloaded from the Trespa website, [www.trespa.com/documentation](http://www.trespa.com/documentation). A copy of these general conditions of sale will be provided free of charge on request. All general terms and conditions other than the conditions mentioned above are dismissed and do not apply, regardless of whether such terms and conditions are referred to on requests for offers, offer confirmations, stationery and/or other documents of the other party, even if Trespa does not expressly object to such terms and conditions.

### INTELLECTUAL PROPERTY

All intellectual property rights and other rights regarding the content of this document (including logos, text and photographs) are owned by Trespa and/or its licensors. Any use of the content of this document, including distribution, reproduction, disclosure, storage in an automated data file or the dispatch of such a file without Trespa's prior written consent is explicitly prohibited. ® Trespa, Meteor, Pura, Pura NFC, Athlon, Izeon, TopLab, TopLab<sup>PLUS</sup>, TopLab<sup>PLUS ALCON</sup>, TopLab<sup>FCORBBE</sup>, TopLab<sup>VERTICAL</sup>, TopLab<sup>BASE</sup>, Trespa Essentials and Mystic Metallics, Virtuo, Volkem are registered trademarks of Trespa.
